

NATIONAL SPIRITUAL ASSEMBLY
OF THE BAHÁ'ÍS OF THE UNITED STATES

October 1, 2018

To all Local Spiritual Assemblies
and registered Bahá'í groups

Dearest Bahá'í Friends,

With great pleasure, we call your attention to the recent update to our website presenting the basics of the Bahá'í Faith. The redesigned site is accessible at www.bahai.us, and we warmly invite you to visit it.

Once there, visitors will find a welcoming environment that—making use of engaging personal stories and abundant photos—facilitates exploration of our Faith's history, teachings, social impact, and current community-building efforts, while acquainting them with the inclusiveness, warmth, and joy of Bahá'í community life.

To assist you in spreading awareness of the site's new look and encouraging its use, we commissioned the production of a pamphlet that can be presented to your friends, neighbors, and contacts. A sample is enclosed. The pamphlets are available for purchase in quantity through the Bahá'í Distribution Service and can easily be ordered online (at www.bahai bookstore.com). On another note, be sure the member services section of the website remains intact and can be accessed by logging in as usual with your Bahá'í ID number and password.

The product of several years of experimentation and development, the redesigned website represents a notable step forward in this community's online presentation of the Faith. We hope you will—with joy and confidence—make the widest possible use of it in your efforts to acquaint all those within the circle of your contacts with the aims, purposes, and life-giving teachings of our unifying Faith.

With loving Bahá'í greetings,

Kenneth E. Bowers
Secretary
