

*INDEPENDENT INVESTIGATION
OF REALITY series*

NAVIGATING THE
WATERS OF OUR
TRUE SELVES

Saturday, September 9, 2017

6PM POT LUCK DINNER AND 7PM PROGRAM

One of the fundamental principles of the Baha'i Faith is the independent investigation of reality in the search for truth. As our understanding evolves, our thoughts transform, opening new possibilities of action which together can transform individuals and society at the level of culture.

Knowing our true selves is a life-long adventure. Through metaphor and imagery we will explore the interplay of will, volition, and fate which provide the elements of our navigation through this earthly life. The nature of good and evil, and what leads to our glory and abasement will also be examined in light of the teachings of the Baha'i Faith.

For more information, please call Naghmeh [\(909\) 425-8531](tel:9094258531)
